**DIRECTIONS FOR USE**  
**RESTRAINT: DO NOT use with copper products.**

**RATES OF APPLICATION:**

<b>SITUATION:</b>	<b>RATE/100L</b>	<b>CRITICAL COMMENTS</b>
Addition to herbicides to improve spreading and penetration. Glyphosate, 2,4-D, MCPA, Metsulfuron-methyl)	250-500mL	Use high rate on stressed or difficult to control weeds
Reduction of pH to reduce alkaline hydrolysis. Dimethoate.	100mL	Add to water in spray tank before adding Dimethoate
To improve uptake of foliar fertilizers	300-500mL	Tank mixing with other agricultural chemicals may increase the potential for crop damage - check with supplier
Assistance in droplet size management to partially reduce the number of fine droplets produced from hydraulic nozzles by air and ground.	300-500mL	Helps to reduce the number of fine droplets. Weed Force Sidekick Wetting Agent & Spray Conditioner will reduce the fine droplets associated with, but not eliminate off- target movement. This is contingent upon good agricultural practice spraying and appropriate nozzle choice. Refer to Weed Force representative for further advice and stewardship.

**NOT TO BE USED FOR ANY PURPOSE, OR IN ANY MANNER, CONTRARY TO THIS LABEL UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION.**

**GENERAL INSTRUCTIONS** Weed Force Sidekick Wetting Agent & Spray Conditioner can be used where the addition of a wetter/spreader or self emulsifying oil is required or recommended on the agricultural chemical label.

**PENETRATION AND WETTER** Weed Force Sidekick Wetting Agent & Spray Conditioner is a multipurpose adjuvant which is composed of natural surfactants and penetrants derived from soybean oils. These are combined with propionic acid to produce a penetrant, surfactant, acidifier for use with herbicides, insecticides, fungicides, foliar fertilizers and plant growth regulators. The unique properties of Weed Force Sidekick Wetting Agent & Spray Conditioner enhance the uptake of many systemic herbicides, allowing them to effectively penetrate into leaves, without causing damage to non-target crop plants.

**ACIDIFICATION** Weed Force Sidekick Wetting Agent & Spray Conditioner also acts as an acidifier which will reduce pH, in most cases between 4 and 5. This reduces losses due to alkaline hydrolysis and also assists with the uptake of weak acid herbicides.

**DROPLET SIZE MANAGEMENT** Weed Force Sidekick Wetting Agent & Spray Conditioner will reduce the number of fine droplets produced by flat fan nozzles, without increasing the number of coarse

or larger droplets.

Weed Force Sidekick Wetting Agent & Spray Conditioner will reduce the fine droplets associated with, but not eliminate, off-target movement of the pesticide being used. This is contingent upon good agricultural spraying practice and appropriate nozzle choice. DO NOT use in situations that are conducive to drift. Refer to Weed Force representative for further advice and stewardship.

**MIXING** Half fill the spray tank with water and commence agitation. Add the required quantity of Weed Force Sidekick Wetting Agent & Spray Conditioner then add the recommended quantity of herbicide, insecticide or foliar fertilizer. Continue agitation while topping up the tank and during spraying. Do not use with copper products.

**PROTECTION OF WILDLIFE, FISH, CRUSTACEANS AND ENVIRONMENT: DANGEROUS TO FISH.** DO NOT contaminate streams, rivers or waterways with the chemical or used containers.

**STORAGE AND DISPOSAL** Store in the closed, original container in a dry, cool, well-ventilated area. DO NOT store for prolonged periods in direct sunlight. Triple-rinse containers before disposal. Add rinsings to spray tank. Do not dispose of undiluted chemicals on site. If recycling, replace cap and return clean containers to recycler or designated collection point. If not recycling, break, crush, or puncture and deliver empty packaging to an approved waste management facility, if an approved waste

management facility is not available, bury the empty packaging 500 mm below the surface in a disposal pit specifically marked and set up for this purpose, clear of waterways, desirable vegetation and tree roots, in compliance with relevant local, state or territory government regulations. Do not burn empty containers or product.

**SAFETY DIRECTIONS** Will damage eyes. Will irritate the skin. Avoid contact with eyes and skin. When using together with other products, consult their label safety directions. When opening the container and preparing the spray wear cotton overalls buttoned to the neck and wrist (or equivalent clothing), elbow length chemical resistant gloves and face shield. Wash hands after use. After each day's use, wash gloves, face shield and contaminated clothing.

**FIRST AID** If poisoning occurs, contact a doctor or Poisons Information Centre. Phone Australia 131126; New Zealand 0800 764 766. If swallowed, do NOT induce vomiting. If skin contact occurs, remove contaminated clothing and wash skin thoroughly. If in eyes, hold eyes open, flood with water for at least 15 minutes and see a doctor.

**SAFETY DATA SHEET**

The SDS contains important information relating to health and safety. This product should be used in conjunction with information on the SDS and users are advised to read the SDS before using this product. The most up to date SDS can be obtained from [www.weedforce.co.au](http://www.weedforce.co.au)

**CONDITIONS OF SALE**

To the extent permitted by law, all conditions and warranties and statutory or other rights or action which buyer or any other user may have against Weed Force Pty Ltd ("Weed Force") or Seller are hereby excluded. Weed Force hereby gives loss however arising (including negligence) from Notice to Buyer and other users that it will not accept responsibility for any direct, indirect or consequential loss, supply, use or application of this product or reliance on product information or advice provided by Weed Force or on its behalf. No warranty expressed or implied is given by Weed Force regarding its suitability or efficiency for any purpose for which it is used by the buyer, whether in accordance with the directions or not. Weed Force's liability shall, in all circumstances, be limited to replacement of the product or a refund of the purchase price paid therefor.

Cases skin irritation. Causes serious eye irritation. Harmful to aquatic life. Use personal protective equipment as required. Take off contaminated clothing and wash before reuse. IF SWALLOWED: Rinse mouth. DO NOT induce vomiting. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If skin irritation occurs: Get medical advice. If eye irritation persists: Get medical advice. In case of fire, use carbon dioxide, dry chemical, foam, water fog.
